Smart infrastructure secures national strategies for development and environment

Introduction

Wildlife Conservation Society – Hugo Rainey

21st June 2022

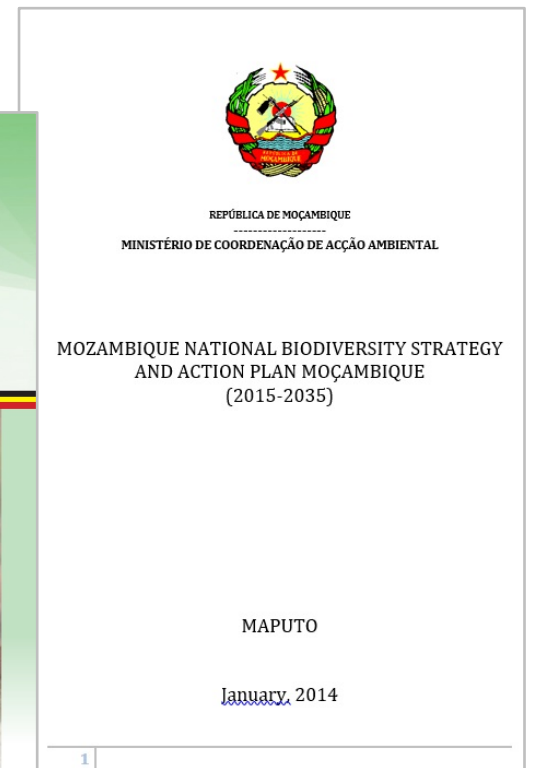

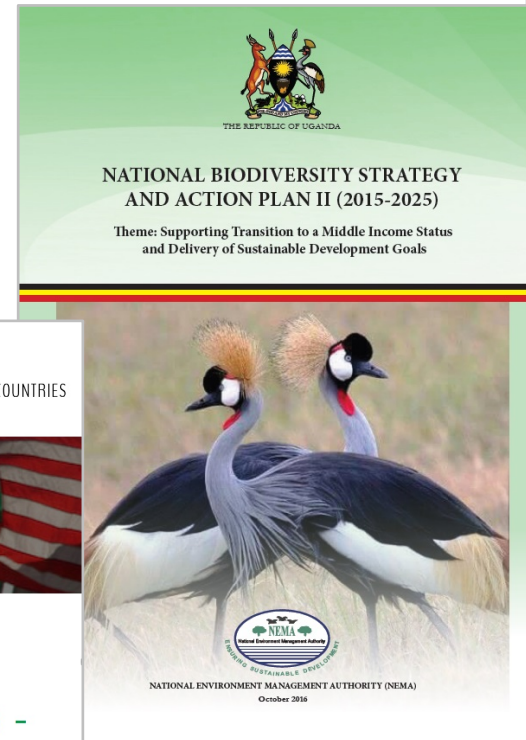

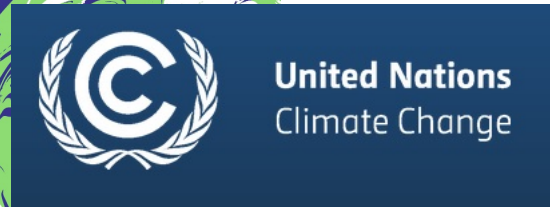

International
Partnerships

AFD

National biodiversity and climate targets

COMBO - comboprogram.org

Supporting alignment of development with national biodiversity and climate targets

Encouraging better outcomes from industry and infrastructure by supporting:

- Government policy
- Improved knowledge base
- Effective implementation mechanisms
- Capacity-building

Our speakers / moderators

Prof Yun Wang, Research Professor

Denise Nicolau, Biodiversity Offsets Program Coordinator

Dr Suzanne Cotillon, Biodiversity Consultancy

Dr Hugo Rainey, Senior Advisor, Business & Conservation

Brainstorming session format

- Groups review one question in a test landscape
- Feedback to plenary
- Three case studies from Prof Wang, Denise and Suzanne
- Questions discussed through case studies
